At a Great and General Court, or Assembly of his Majesty's province of Massachusetts Bay, in New England, held October 29th, 1718, the Report of John Wheelright, Esqr., &c., appointed by an order of this Court, passed at the Sessions begun and held the 28th of May last, to be a Committee for Regulating the Settlement of Falmouth, in Casco Bay, is as follows, viz:

Pursuant to a vote of the Great and General Assembly of his Majesty's province of the Massachusetts Bay, in New England, held at Boston, May, 1715, empowering and appointing the subscribers to be a Committee to prosecute the regular Settlement of the Eastern frontiers, and in answer to the petition of the Proprietors and Settlers of the town of Falmouth, in Casco Bay, in the years 1717 and 1718, who have made application to us, the said Committee, according to the direction of the General Court, we have, upon the 16th day of this present month of June, taken a view of the said town of Falmouth, and upon mature deliberation and consideration, we offer this Report, to this Honorable Court, as follows, viz:

The dividing bounds between Scarborough and Falmouth, we find to be the line from the first dividing branch of Spurwink River; from thence to run into the country eight miles, north-west, and from the said branch, as the river runs, into the sea, and the easterly course of Falmouth to extend to certain Islands, known by the name of the Clapboard Islands: from a red oak tree upon the main, over against said Islands, marked F. C. S., the south side, and so south-east, over a white rock, into the sea: and from said tree, eight miles, into the country; and according to the best of our judgements, we have determined the spot whereon the ancient town of Falmouth stood, and a Fort was formerly built by order of the Government, and where there already settled above twenty families, in a compact, defensible manner: to be a very agreeable place for the settlement of a town---being bordering on a fine navigable river; guarded from the sea by adjacent Islands,---most commodious for the fishery, and is accommodated with several large streams for mills; as well as a large quantity of good land, for the encouragement of husbandry;---and we are of opinion, there is a fair prospect of its being, in a little time, a flourishing town. And in order to the enabling them to a methodical proceeding in their affairs, we are of opinion that it is absolutely necessary that they be invested with power to act as a town, as soon as may be with conveniency.

We have also left our advice with them, with respect to the laying out their streets and high-ways; as also for the placing their meeting-house, after the most commodious manner, for the benefit of the town, in general.

Read and Ordered, That the Report on the other side, be accepted, and that the bounds of the town of Falmouth be continued, confirmed and ratified, as in the said Report is set forth; and that the Inhabitants of the said town, that now are, and hereafter shall be, from time to time, invested with the same powers and authorities, to act, manage, direct and order the affairs of said township as other towns are;—provided that this order shall, in no wise, prejudice and infringe any just right or title that any person have to lands there; and that fifty families at the least more than now are, be admitted, as soon as may be, and settled in the most compact and defensible manner, that the land will allow of.

Meeting. Adjournment of

Tuesday, the tenth day of August next, at ten of the clock in the forenoon, to the town house.

Falmouth, August 10th, 1773. The Proprietors met at the town house, according to the adjournment,—

Voted, That the book containing a list of the Proprietors, with the lands laid out to them &c, made and presented to the Proprietors this day, by Enoch Freeman, Stephen Longfellow and Theophilus Bradbury, Esqrs, the Committee appointed by the Proprietors, August 1st, 1771, for that purpose, be filed in the Clerks office, and remain there, for the use of the Proprietors.— And then the same Committee, appointed at the same time to examined the claims of any person or persons, to be admitted proprietors exhibited their report as follows, viz:— Pursuant to a vote of the Proprietors of Falmouth, at their meeting, August 1st 1771, we the Committee named and appointed by a vote of that meeting for the purpose therein mentioned, do report our opinion—

1. That the heirs or assigns of John Tucker be admitted to a whole right, inclusive of sixty acres voted May, 20 1736.

2. That the heirs or assigns of Benjamin Rae, be admitted to a whole right, inclusive of ten acres already laid out.

3. That the heirs or assigns of James Freeze be admitted to a whole right, inclusive of a one and three acre lott, that have been already laid out to his son Jacob.

4. That the heirs and assigns of John Wallis, the elder be admitted to a whole right.

5. That the heirs or assigns of Joseph Wallis, Benjamin Wallis, Josiah Wallis and James Wallis, Sons of said John, be admitted to a whole right, for each.

6.
7.
8.
9. That the heirs or assigns of Nathaniel Wallis the elder be admitted to a whole right.

10. That the heirs or assigns of William Roberts be admitted to a whole right, inclusive of thirty four acres already laid out.

11. That the heirs or assigns of George Bramhall be admitted to a whole right.

12. That the heirs or assigns of Anthony Brackett (who married Ann Millett,) be admitted to a whole right.

13. That the heirs or assigns of George Felt be admitted to a proprietors whole right.

14. That the heirs or assigns of William Graves be admitted to a whole right.

15. That the heirs or assigns of Jeremiah Jordan, Son of the Revd. Robert Jordan, be admitted to a whole proprietors right.

Claims have been laid before us in behalf of the heirs and assigns of Joseph Morgan, Michael Webber, Thomas Lovell and Henry Thrasher and it is proved to us that they lived at Paper-dock about the year 1723 & 3 untill all were killed by the Indians: and John Wallis saveas he often heard his father say they all (except Thrasher) lived there in the time of President Danforth's settlement, when his grand father John Wallis lived there; we incline to think they ought to be admitted but submit it to the consideration of the Proprietors

Claims have also been made on behalf of James Maxwell and on behalf of James Winslow in the right of Jacob Royal: Mr. Maxwell says he has lived in town ever since the year 1730, bore arms, and paid taxes, used to vote at the town meetings, and thought he was already admitted. As to Mr. Winslow, he has lived many years in town and purchased Jacob Royal's claim, who was a petitioner to the General Court for the incorporation of the town, and who has had forty acres laid out to him; and thinks for his own merit, and in virtue of said claim, he ought to have one right. We are in doubt, and submit their claims to the Proprietors.

William Buckman claims a right for the heirs of his father Samuel Buckman, but as it does not appear he settled personally, nor paid the ten pounds voted to be paid; and as we have admitted George Felt whose right the said William claims in part, from his said father, we do not think he ought to be admitted.

Claims have also been laid before us, in behalf of the heirs or assigns of Nathaniel Wallis (grand-son of the aforesd Nathaniel,) John Jones, and Isaac Jones; Joseph Phippen, David Phippen and Nicholas White, but not proved to our satisfaction, therefore we are of opinion they ought not to be admitted.

Enoch Freeman.
Step.ⁿ Longfellow.
Thos. Bradbury.

Which report being read, the Proprietors acted thereon as follows, viz:-

1. Voted. That the heirs or assigns of John Tucker be admitted to a whole right, inclusive of sixty acres voted May 20th, 1736.

2. That the heirs or assigns of Benjamin Rae be admitted to a whole right, inclusive of ten acres already laid out.

3. That the heirs or assigns of James Freeze be admitted to a whole right, inclusive of a one and three acre lot that have been already laid out to his sons Jacob.

4. That the heirs and assigns of John Wallis, the elder, be admitted to a whole right.

5. That the heirs or assigns of Joseph Wallis
6. ——— Benjamin Wallis
7. ——— Josiah Wallis and
8. ——— James Wallis

} Sons of the said John Wallis, be admitted to a whole right for each.

9. That the heirs or assigns of Nathaniel Wallis the elder, be admitted to a whole right.

18. That the heirs or assigns of Thomas Lewit, be admitted to a whole proprietors right.

19. That the heirs or assigns of Henry Thrasher be admitted to a whole proprietors right.

20. That James Winslow, for himself and as assignee to Jacob Royal both to be reckoned as one, be admitted to a whole proprietors right (the forty acres already laid out to said Royal to be accounted part of said right) James Maxwell, the heirs or assigns of Samuel Buchanan, Nathaniel Wallis, (grandson of the aforesd Nathaniel) the heirs or assigns of John Jones, Isaac Jones, Joseph Phippen, David Peppen, and Nicholas White, were not admitted.

7th. Voted That Ephraim Jones, Theophilus Bradbury, Esqr. and Enoch Moody, be a Committee to enquire after and prosecute to final judgment and execution any person or persons who have trespassed on the commons, and to settle with such trespassers, also to evict any person or persons (by due course of law) who have ejected or hold out the Proprietors from any lands.

8th. Voted and granted to Enoch Freeman, Stephen Longfellow & Theophilus Bradbury, Esqrs. viz. to each of them and his heirs and assigns, a whole proprietors right in the township of Falmouth for their past services to the Proprietors, they to compleat the further service they are appointed to do with Benjamin Winslow and Joseph Noyes by a vote of the 28th May, 1772 without any further demand from the Proprietors; the grantee of land to pay them for writing the grant and layings out, and the Clerk for recording the same.

Jones, Phinehas

Whereas, on the thirty first day of May, Anno Domini, 1737, there was laid out to Phinehas Jones, as assigne to Thos Page and John Parrot, by the Committee who was impowered to lay out land by the Proprietors of the common and undivided lands in Falmouth, one hundred fifty six acres, which was bounded as followeth, beginning at the lower most corner in the crotch of Piscataqua river, of three hundred acres of land laid out to Moses Pearson and John Tyng, thence west thirty four degrees north sixteen rods, to a stake; thence north sixteen degrees west, one hundred and forty rods, to the northerly corner of said three hundred acres; thence east eighteen degrees north one hundred and forty four rods to a stake; thence north six degrees east one hundred and twenty rods to the north-westerly corner of Edmund Mountfort's ninety acres; thence South east eleven degrees South one hundred and sixty rods to the South-westerly corner of said Mountfort's ninety acres; thence west thirty seven degrees South two hundred and eight rods to the uppermost corner of Jacob Sawyers ninety acres, to a stake standing there by Piscataqua river, thence as said river runs, to the first bounds mentioned; the same being for the one three ten thirty and sixty acre lotts belonging to the right of said Page; and the one half of the one three ten thirty and sixty acre lotts belonging to the right of John Parrott, and inasmuch as by a late Survey, it appears that the afore recited boundaries interferes with and runs in upon the before mentioned three hundred acres by reason the first corner mentioned, and also called a corner of said three hundred acres was not the corner thereof, but stood many rods within the bounds of said three hundred acres, as it also appears that the before recited boundaries much interferes with a hundred acres since laid out to Joshua Moody, Esqr, Samuel Moody, and Mary Mountfort, as it also appears there is not the distance mentioned in the before-recited boundaries between the third corner therein mentioned, and the ninety acres mentioned belonging to Mountfort, all which might hereafter cause disputes and controversies; for the prevention whereof, at the request of the said Phinehas Jones, we the subscribers do settle and establish the boundaries of said hundred

and fifty six acres of land hereafter to be and remain as followeth; to begin at the most Southerly corner of the said ninety acres laid out to Mountfort; thence South twenty degrees west one hundred fifty and four rods to the most easterly corner of the aforesaid ninety acres laid out to Jacob Sawyer; thence adjoining on said ninety acres west, twenty three degrees north one hundred and twenty rods to the line of the aforesaid three hundred acres laid out to Tyng and Pearson; thence adjoining partly on said three hundred acres north, fifteen degrees west eighty seven rods to the line of one hundred acres laid out to Joshua Moody Esqr. and Samuel Moody and Mary Mountfort; thence east sixteen degrees north seventy seven rods adjoining on said hundred acres to a beach tree; thence north nineteen degrees east, ninety two rods, adjoining on said hundred acres to a Maple tree; thence east, twenty rods joining partly on three hundred acres Sold to Said Moses Pearson; thence South-east eleven degrees South one hundred and nine rods to the first bounds mentioned; provided there be not more than one hundred and fifty six acres contained within the bounds mentioned, and the aforesaid rights have not been laid out before the laying out vested in this instrument, nor Since, till now, and free from former grants.

That they have attended the business committed to them, and taken into consideration the said report of your former Committee, and the said articles expressed in the notification as aforesaid, and find that the monies received by the Proprietors Committee of Sales of land, appointed agreably to their vote of the fifth day of January, 1785, for lands sold by them at publick vendue, in pursuance of said vote, and of which deeds were given and recorded, amount to £816. 12 . 3

From which sum ought to be deducted, for and on account of lands which were bought of Elijah Purinton and George Leighton, and found afterwards to interfere partly with former grants and laying out, and was repaid to said Purinton and Leighton by said Committee, the sum of 49 . 6 . 8

And also the sum paid by said Committee, agreable to an order drawn by David Sewall, Esqr, in favor of Nathaniel Dyer, of 1 . 0 . 0

And also the sum, being part of the amount of said land, so sold, consisting of cash and notes now in the hands of Andw P. Frost, of 121 . 10 . 9

Which leaves a balance in the hands of said Committee for the sale of land, of the sum of 644 . 15 . 3

Now due to the Proprietors for lands whereof deeds were given and recorded in the Proprietors Records to the several persons, and for the several considerations, as may more fully appear by the list or Statement No. 1 hereunto presented

They also report that sundry lands were sold by said Committee in pursuance of said vote, passed the fifth day of January, 1785, of which deeds were made out and signed by them, but for sundrie reasons, the

price thereof was never paid by the purchasers, and of course the deeds were never delivered; the same land so sold, amounted to the sum of £ 29 " 3 " 9 Agreable to Statement No. 2, herewith presented.

They also further report, that said Committee, by virtue of the vote passed the fifth day of January, 1783, as aforesaid, made sale of sundrie other Lands of which in were never given the several purchasers, being prevented from taking deeds either by the intention of said Committee, or their own neglect, untill said Committee were ordered, by the Proprietors not to proceed any further; - that the lands so sold of, which no deeds were given together with the names of the several purchasers, and the time where, and the consideration for which they were sold, may appear agreable to the Statement No. 3, herewith presented. Although it is very much to be regreted, that the Proprietors should have adopted the method of disposing of their land by case in manner aforesaid and which your Committee consider by us in case unauthorise by law, and though it is also as highly to be regreted, that the said Committee for the same sale should have protracted there business to the way unaccountable lenth they did, and by the frequent adjournments of the times of sales, or vendue, and the inaccuracy of their accounts of the sales made, should have rendered the whole so very perplexed; - Yet your Committee now appointed notwithstanding all the difficaulties to which the Proprietors are reduced, are of opinion, that it would be for interest of the Proprietors, that the whole of said Sales, made by said Committee, agreable to the vote of the fifth of January, 1783, and which are particularly mentioned and set forth in the several Statements herewith presented, should be considered, by the said Proprietors, so far good and valid that they receive of the said Committee of Sales, the said Ballance of £ 644 . 15 " 3 and pass such votes as will carry said Sales mentioned in the Statements aforesaid into effect, agreably to the intent thereof - for which purpose your Committee recommend that the following votes be passed, viz:-

1st Voted, That the sum of £ 644 . 15 " 3 be received and accepted of the said Committee of Sales in full for money by them received for lands by them and mentioned in the Statement No. 1, and that the Proprietors hereby relinquish all their right to the same land so mentioned and set forth in said Statement; - considering the sales of land mentioned in Statements No. 2 and 3 were made upon as equitable principles as those mentioned in Statement No. 1, and that the several purchasers have been prevented from taking their deeds in some measure, by the said Committee of Sales, being forbidden to proceed, and and that it is as reasonable that the Sales mentioned in Statements No. 2 and 3, should take effect as those in Statement No. 1; - therefore,

2d Voted, That the several Purchasers mentioned in Statement No. 2,

be allowed to take their Several deeds therein mentioned and have them recorded, upon there praying the considerations thereof with lawfull interest from the time of sale to the day of payment;- provided Such payment Shall be made, and the said deeds taken and recorded on or before the first day of August next and not afterwards; and that the Proprietors hereby relinquish all claim to the lands mentioned in Statement No. 2. whereof the deeds Shall be taken and recorded and the money paid therefor within the time aforesaid.

3dly Voted also that the Several Purchasers of land mentioned in Statement No. 3. be allowed to take deeds for the same, and that the said Committee, appointed by the vote of January 5th 1785, be allowed and authorized to give deeds of lands mentioned in the first Statement any vote or act heretofore passed to the contrary, notwithstanding, the said purchasers paying the considerations money mentioned in said Statement for said lands and lawfull interest for the same from the time of purchase to the day of payment;- provided said payment be made, and the deeds thereof taken and recorded on or before the first day of August next and not afterwards; and also provided said deed shall be for common land and not interfere with any grants or laying out prior to the making said deeds.

All which is humbly submitted
